Medical Desk Acrylic Screens, designed to erect an above desk see through acrylic barrier where airborne infections can be stopped by a physical, impervious barrier.

This infection protection desk screen can be easily erected in minutes.

The 5mm clear cast acrylic surface is resistant to anti-bacterial cleaning agents or surface cleaning alcohol, both of which we recommend to be used to keep the surface clean and safe.

Letter box opening in the middle and at the bottom, 10cm x 30cm are available as an optional extra, clamps included in the price.

Medical Desk Acrylic Screen gives additional infection protection against airborne disease.

Clamps are included in the screen price.

Extra sets at £14.32 + VAT
